BOXING.

A preliminary to the Gardner-Bradley battle next Tuesday evening will atto the Fulton club house. It will be be-tween "Snyper Bill," the idol of Beltween "Snyper Bill," the Idol of Bellaire, and Billy Oliver, of Steubenville, They will meet at 195 pounds, for six rounds, and the pace promises to be cut out from the start, as there is considerable rivalry existing between the young fellows. "Snyper Bill;" admirrers are counted by the hundred, while the Steubenville lad has the town at his back. Lestie Pearce's midgets will furnish the other "prelim."

Wheeling was well represented last night at the Pearce-Wanko contest, at Fairmont, and the Delaney-Dime battle in Youngstown, in which Eddie Gard-nor figured in a preliminary bout.

I will be pleased to have my letter published. If persons wishing to know more about the great benefits we have received from using Dr. Pierce's medicines will write, enclosing stamp, I will gladly answer.

Every mother of children ought to possess Dr. Pierce's grand book, the People's Common Sense Medical Adviser, a magnificent thousand-page illustrated volume. It teaches mothers how to care for their children and themselves. It is the best doctor to have in the house in case of emergency. Over half a million copies were sold at \$1.50 cach, but one free copy in paper-covers will be sent on receipt of 21 one-cent stamps to pay the cost of mailing only; or send 31 stamps if you prefer a lieavier, handsome cloth-bound copy. Address the publishers, World's Dispensary Medical Association, No. 663 Main Street, Ruffalo, N. Y.

BOWLING IN 1893.

As stated last Friday morning, the Intelligencer will reproduce the scores each week of the first season of tournament ten-pins in Wheeling, which began just five years ago this week. Persons who have "got in" on the game since should remember that the "big" scores made then were on the old narrow alleys, the present regulation alleys not being put in until the following season. The first week's scores were as follows:

PEARCE AND WANKO DRAW After Fifteen Lively Rounds Before

Fairmont A. C.

Special Dispatch to the Intelligencer,
FAIRMONT, W. Va., Dec. 22.—The
Fairmont A. C. hulled off the f./st boxing boat to-night ever witnessed in this
section, and the club was rewarded for
its efforts by a big audience. Leslie
Pearce, of Wheeling, and "Kid" Wanko,
of Washington, Pa., went fifteen lively
rounds, and the decision of a draw was
satisfactory. Pearce's cleverness was
well stood off by his younger and heavler opponent. The boxing was fast and
scientific.

It is one of the best amateur performances ever given in Wheeling. About one hundred of Wheeling's best society people wil take part in the various drils, pantomimes and dances, which, besides being new and up-to-date, consist of many intricate and beautiful steps. The reserve seat sale opens Saturday, at 9 a. in., at House's music store.

Owen Jolly, mate of the United States lighthouse steamer Goldenrod, States lighthouse steamer Goldenvol, had a narrow escape '-om drowning the other day. He stepped to one side of the boat, and his avoirdapois caused the craft to careen and throw him into the ley river. A line was thrown to him, and with a snatch block on the shore he was pulled out, little worse for his bath.

The marks at 6 p. m. showed 22 feet 2 inches and rising. At inidnight the stage was 22 feet 6 inches and stationary. The second rise will do little more than keep the river stationary here a few hours, though more rain would bring higher water here. Weather, cool and cloudy, with rain. It is expected that the snagboat E. A. Woodruff will start up the Ohlo river as soon as that stream is free from ice. There is much work for her here. The Woodruff got as far as Steuben-ville on her recent trip, but was unable to do any work on account of the

Pittsburgh River News.

PITTSBURG, Dec. 22.—The Walton Coal Company to-day sold the towboat PITTSBURG, Dec. 22.—The Walton Coal Company to-day sold the towboat Nellie Walton to S. S. Crump & Co. The Nellie Walton will take the place of the Monterey, which S. S. Crump & Co. recently sold to P. R. Budd & Co. Captain Crump said the boat would do work in the pools and also engage in the towing trade, between Pittsburg and Louisville. The Nellie Walton is regarded as one of the best boats of her class that the Walton company owned. She has very good power. Her engines have 17-inch cylinders and a 7-foot stroke. The boat will go out on this rise, and will take a tow of coal to Louisville for the Crump Interests. Very little ice is running out of the Monongahela river to-day and that stream, it is thought, will be free of it by to-morrow morning. On account of the dense fog which hung over the rivers this morning no towboats had departed up to soon, but many of them are walting to make the start. The boats that left yesterday were compelled to hug the bank on account of the leavy ice which was moving all day yesterday. Coal operators, however, do not anticipate having any trouble after to-day and the grand start to the south probably will be commenced to-morrow.

Two Pointed Questions Answered.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public, both are certain to be tried, and the public will very quickly pass judgment on them, and use only the better one.
